Design Goals

- Sustainability
- Health and Wellness
- Conferencing/Collaboration
- Technology and Flexibility

Fun Facts

- There are 397 solar panels installed on the café roof
- You sitting not only in our café, but where we host company all hands meetings
- 2/3 of the 65 total conference rooms include videoconference equipment
- There is an IT Vending Machine at our concierge desk and other cool stuff to check in the innovation center near the entrance at reception

Fun Facts

- Wood benches along the main path outside were made from trees salvaged from clearing the site
- Our putting green is modeled after, “Island Green,” the famous 17th hole at TPC Sawgrass
- Check out the wall of plants behind the reception desk! They are naturally preserved and don’t need light!
